TO WHOM IT MAY CONCERN:

This is to inform that DIN Electrical Contractor, Inc., has been an outstanding contractor from 1993 at Abbott Laboratories, Inc., in Barceloneta.

Responsiveness, commitment, outstanding safety record and on the budget proposals are some of their relevant aspects as a contractor. They are qualified for projects up to \$1MM.

Actually this contractor is included in the "Preferred Vendor Program" since 1996, which represents an outstanding record in the past. DIN Electrical also has a maintenance work contract throughout the Plant since 1999.

Sincerely,

Luis Cortes
Contract Administrator
