TO WHOM IT MAY CONCERN:

This is to inform that Mr. Daniel I. Negron, President of DIN ELECTRICAL CONTRACTOR, has been an outstanding contractor for the last two years at Abbott Health Products, Inc., Barceloneta Operations.

Responsiveness, commitment, outstanding safety record and on the budget proposals are some of their relevant aspects as a contractor. He is qualified for projects up to \$1mm.

Actually this contractor was included in the "Preferred Vendor Program" for 1996, 1997, 1998, 1999 and programmed to be included in the 2000 program, which represents an outstanding record in the past and high expectations in the near future.

Sincerely,

Max Perez

Contract Administrator
